

## RATIONALE

A Uniform Policy reinforces in students a pride in their own appearance, instils recognition of themselves as an integral part of the school community, and assists in developing pride in representing their school. Issues of equality, health and safety, and expense are also factors that contribute to the establishment of the Uniform Policy.

## PURPOSE

- To promote equality amongst all students
- To further develop a sense of pride in, and identification with our school
- To provide durable clothing that is cost effective and practical for our school environment
- To maintain and enhance the positive image of the school in the community.
